

Habitat for Humanity of Huron Valley is committed to the health and safety of everyone on site. We will continue following all COVID-19 federal and local guidelines to ensure a safe working environment. These guidelines are subject to change. **Thank you for volunteering with Habitat for Humanity!**
We want to ensure you have a safe, healthy, and enjoyable build experience.

For Volunteers Before Opportunity:

Volunteers should be mindful of their own physical health when considering volunteering. Anyone who has tested positive for COVID-19 should remain at home and quarantined until a negative test result. Anyone who has experienced symptoms (fever, cough, muscle aches, etc) should allow 10 days to pass before volunteering. Anyone who has come in contact with someone with these symptoms should also allow 10 days before volunteering.

PLEASE STAY HOME IF YOU FEEL UNWELL.

Volunteers who are at a greater risk from COVID-19 are advised not to participate.

Volunteers On-Site:

Group sizes are restricted and vary based upon the size of the site(s). All volunteers are required to register prior to arriving on the build site.

Volunteers will need to verify contact information when arriving to the work site. This helps us to identify anyone who may become sick and contact those who have visited the site within a certain time frame.

Habitat encourages volunteers to wear a mask indoors. Masks are not required at this time.

It is encouraged that volunteers share tools as little as possible. Ask a Habitat staff member for any tool or material needs.

Volunteers will need to bring their own reusable water bottles and lunch.

Habitat staff will review health and safety guidelines with volunteers when they arrive for opportunity.

All of these guidelines are subject to change.

For Volunteers After Opportunity:

Volunteers should contact Habitat staff if they test positive for COVID-19 within 10 days of their volunteering opportunity.

Thank you for volunteering as we help our future homeowners achieve the strength, stability and independence they need to build a better life for themselves and their family.

Thank you for donating your time to us!
